

PROBESE™

Quick Fill Bulking Fiber

Probese Quick Fill

Creates Fullness Before and In-Between Meals

- ✓ Expands Up To Seven Times in the Stomach
- ✓ 100% All Natural Ingredients
- ✓ Clinically Proven

Probese is a weight loss aid that contains vitamins, minerals, and a bulking agent to create a feeling of fullness and to help curb the appetite. Chromium, an essential trace mineral, has been added to this combination to aid in the metabolism of sugar and carbohydrates.

Probese™ may work in two ways: as an appetite controller and as a fat and sugar binder. Before meals, taken with an 8oz glass of water, Probese™, (carboxymethylcellulose) can swell seven times its dry volume in the stomach. This promotes a feeling of fullness and keeps one from over-eating. During digestion, the Probese™ bulking fiber is thought to surround sugar and fat molecules and thus minimize their absorption by the body.

Each 3 capsule contains:

Carboxymethylcellulose	500 mg
Vitamin A	5000 IU
Vitamin D	400 IU
Chromium	300 mcg
Calcium	87 mg
Vitamin C	60 mg
Phosphorus	45 mg
Niacinamide	20 mg
Riboflavin	1.2 mg
Thiamine	1 mg

In a base of trace minerals

Pharmaceutical Grade and Therapeutically Dosed

Probese Expands Up To Seven Times (7X) in the Stomach Providing a Quicker Feeling of Fullness

Biological effects Probese w/CMC™
